Maximum Marks	4 Marks

### 1. Purpose of Document

The purpose of a nutritional analyzer is to provide users with information about the nutritional content of their food. This information can be used to make informed decisions about what to eat and how to maintain a healthy diet.

The goal of this project is to develop a nutritional analyzer that can be used to quickly and easily assess the nutritional value of foods. The analyzer will be able to identify the nutrient content of foods, as well as the caloric value. Additionally, the analyzer will be able to provide recommendations on how to improve one's diet.
